Nationality

Graduated from

Year of Ph. D. or equivalent

Present Position

Main fields of Research

Titles & References of three Scientific Papers or Publications

Suggested for Membership in Commission No.(*)

Proposed by

Date

Signature

(*) Only one commission is allowed for the first triennium (see list of Commissions on reverse side)

COMMISSIONS

- 4 Ephemerides
- 7 Celestial Mechanics & Dynamical Astronomy
- 8 Astrometry
- 9 Instrumentation & Techniques
- 10 Solar Activity
- 12 Solar Radiation & Structure
- 14 Atomic & Molecular Data
- 15 Physical Study of Comets & Minor Planets
- 16 Physical Study of Planets & Satellites
- 19 Rotation of the Earth
- 20 Positions & Motions of Minor Planets Comets & Satellites
- 21 Light of the Night Sky
- 22 Meteors & Interplanetary Dust
- 25 Stellar Photometry & Polarimetry
- 26 Double & Multiple Stars
- 27 Variable Stars
- 28 Galaxies
- 29 Stellar Spectra
- 30 Radial Velocities
- 31 Time
- 33 Structure & Dynamics of the Galactic System
- 34 Interstellar Matter
- 35 Stellar Constitution
- 36 Theory of Stellar Atmospheres
- 37 Star Clusters & Associations
- 40 Radio Astronomy
- 42 Close Binary Stars
- 44 Space & High Energy Astrophysics
- 45 Stellar Classification
- 47 Cosmology
- 49 The Interplanetary Plasma & the Heliosphere
- 50 Protection of Existing & Potential Observatory Sites
- 51 Bioastronomy: Search for Extraterrestrial Life

-
- 5 Documentation & Astronomical Data
 - 6 Astronomical Telegrams
 - 41 History of Astronomy
 - 46 Astronomical Education and Development
-

Membership in these Commissions of the Executive Committee follows special rule
